

Pinders Primary School – Weekly Newsletter

Dear Parent Carer

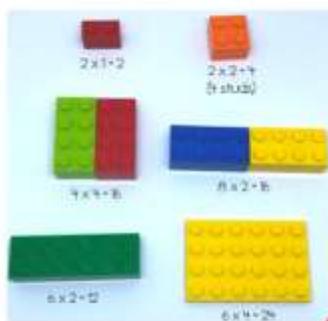

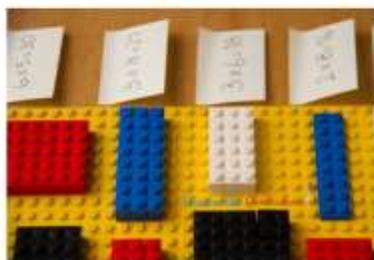

Year 4 and Year 3 / 4 went on their fully funded trip to the National Mining Museum this week. They had a great time hunting for minibeasts and then making them homes.

This supports their science work and also leads into the school project to improve habitats in our outside area. You will have noticed a fence being constructed by the path, this area is to have wildflowers planted within it and climbing plants that will attract insects. The raised flower beds near the upper school entrance will also be planted with bee and butterfly loving plants. A laurel hedge has also been planted around the boundary between us and St Austin's, this is to encourage hedgerow insects and birds. All these developments are enhancing the great work achieved from our Big Dig last year.

We are seeing some fantastic progress with learning multiplication and division facts across school, as the children aim to climb the diamond dash. Keep up the good work everyone!

Below is this week's activity suggestion.

Lego Pieces

Build times tables **blocks**. Group amounts of bricks into a **sequence**.

Next week is the last week of this half term, we have a Spring disco one on Wednesday for EYFS and KS1 and then KS2 on the Thursday. We break up at 3.15pm on Friday 14th February.

IMPORTANT REMINDER

Due to allergies, we are a nut free school, this means lunches must be nut free, no peanut butter or Nutella in sandwiches. If these are seen the sandwiches will be removed. Obviously, no nuts themselves.

Thank you

Headteacher
Mrs Kemplay
